

Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

October 23, 2020

Dear MUSD Staff and Parents,

Over the past three months, our teachers have revolutionized how they teach quality instruction to your children. At the same time, our wonderful students have met the challenges associated with new ways of learning and showing mastery. None of this has been easy.

If you are a distance learning student or a distance learning teacher or a teacher who does both, thank you for expanding your skills and talents. You are developing new teaching and learning muscles and the strength you are building will serve you for a lifetime. Thank you for showing up virtually with a smile and enthusiasm for the day ahead.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
