

Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

REOPENING SCHOOLS

July 17, 2020

Dear MUSD Families and Staff,

As we continue with our district's plan to return to school in an all online/distance learning environment, we are excited that more than 4,000 requests for district-issued laptops have been received. It is not too late to reserve your child's laptop for the first day of distance/online learning, July 30, 2020.

MUSD will begin laptop checkout next week at all schools. Detailed information regarding the procedure for laptop checkout can be found at www.musd20.org/technology. Also, keep an eye out for hard copies of the required checkout forms that have been mailed to your homes and should arrive today or tomorrow. If you have already printed and completed these forms, there is no need to do so again.

The Governing Board has scheduled a special meeting on July 22 to discuss the date our district will return to in person learning. You can watch Board Meeting live on [Maricopa Unified YouTube Channel](#) at 6:30 p.m. on July 22.

Although this situation continues to be unpredictable, we can't wait to reconnect with your child. We appreciate your patience and support during this unprecedented time. If you have questions, please contact us at reopeninfo@musd20.org.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
