MARICOPA HIGH SCHOOL CYBERPATRIOT STATE CHAMPIONS!

February 4, 2022

Dear MUSD Parents,

Congratulations to the Maricopa High School CyberPatriot team: Tanis Palmer, Ashton Owen, Nate Shearer, Charlie Liermann, Jeremiah Deegan, and Alex Grace for capturing the state championship in the CyberPatriot State finals placing them in the top 20% in the nation!

The win qualified the team to compete in the national semifinal competition which took place on January 21st. The team is still awaiting the final results.

CyberPatriot is the National Youth Cyber Education Program created by the Air Force Association to inspire K-12 students toward careers in cybersecurity or other science, technology, engineering, and mathematics (STEM) disciplines critical to our nation’s future.

We wish these seniors the best of luck at their next competition, SkillsUSA, this spring!

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
