

Superintendent's Snapshot
MARICOPA UNIFIED SCHOOL DISTRICT

September 16, 2022

Dear MUSD Parents,

The arts are a vital part of a well-rounded education. Not only do the arts ignite creativity and invention, but arts education leads to success in math, reading, and writing by reinforcing concepts like symmetry, geometry, and ratios and developing verbal acuity through a wide range of sensory-rich vocabulary.

The MUSD Governing Board embraces the research and outcomes associated with providing a quality arts-rich education along with the intangible benefits of art appreciation. We purposefully build art and music into the foundation of our elementary schools so that middle and high school students can further specialize in band, orchestra, dance, theatre, stage production, photography, graphic design, and more!

As National Arts in Education Week comes to a close, I want you to know that the arts will continue to be an essential piece of your child's education in our schools.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
