

Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

REOPENING SCHOOLS

September 11, 2020

Dear MUSD Staff and Parents,

We look forward to the return to in-person learning for K-5 students. Our schools will follow enhanced safety protocols outlined in the [MUSD Mitigation Plan](#) to prioritize the safety of our students and employees.

School Lunch Program

The USDA recently approved the waiver for school districts across the country to extend the Summer Feeding Program. Through December 31, MUSD will provide free meal service for all children 18 years and younger. Grab-and-Go meals may be picked up at any MUSD school site. If students are unable, parents may pick up the meals for them. Please follow the signage at each school site for pick up locations on campuses.

Serving Times:

- Elementary Schools - 11:00 AM - 12:30 PM
- Middle Schools - 11:30 AM - 1:00 PM
- High School - 10:30 AM - 12:00 PM.

** Students who are attending in-person learning on campus will receive the meals during their school day.*

Parent Dashboard

There is a helpful tool available for families continuing in the online/distance learning model. The [BLOCKSI Parent Dashboard](#) allows parents to:

- Monitor your child's browsing history
- Establish access hours
- Allow/restrict websites students visit (this will not override any district restrictions already in place)

The coming days will be busy with change and adjustment. MUSD teachers look forward to navigating the circumstances with you for your child's long-term success.

Thank you for choosing the Maricopa Unified School District.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
