

Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

December 11, 2020

With one week until Winter Break, I would like to thank students, families, and staff for meeting the challenges of the past year.

Through the hardships and uncertainty, we have grown our talents and skills in ways we couldn't have imagined a year ago. We may find ourselves stronger, more flexible, and maybe even more patient because of the unexpected circumstances we have navigated. Whatever the setting: remote learning, remote teaching, shifting rapidly between the two, good things still happen. Celebrate the progress, the learning, and the unexpected glimpses of magic.

I wish health, happiness, and warm tidings to each of you. Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
