MARICOPA UNIFIED SCHOOL DISTRICT

December 4, 2020

Dear MUSD Staff and Parents,

Over the past few weeks Maricopa Unified School District has experienced a dramatic increase in the number of positive COVID-19 cases.

Our staff is committed to keep our buildings as healthy and safe as possible. Mitigation strategies have kept the wide-spread outbreaks from occurring within our schools, but even a small number of cases can result in multiple quarantines and temporary closures to in-person learning.

We need your help. Practicing safety protocols outside of school has a direct impact on our ability to offer in-person learning. Wearing a mask and social distancing at events outside of school will help keep schools open. This includes family gatherings, sporting events, children playing in neighborhoods, and other recreational activities.

I understand the burden that interruptions to in-person learning cause our students, staff, and families. That is why it is so important that we use preventative measures in our lives outside of school walls.

Stay well, and thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
