

# Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

February 12, 2021

Dear MUSD Parents:

This school year, nearly 4,000 MUSD students chose an at-home distance learning model. Are you curious about how your family can continue the learning-at-home experience next year? Maricopa Unified School District is proud to announce Maricopa Virtual Academy (Grades 6-12) and Maricopa Virtual Academy Jr. (Grades K-5). Soon, we will be accepting enrollment for the 2021-2022 school year.

Here's a sneak peek into MVA:

- Tuition free K-12 online school
- District-issued laptop with technical support
- Certified teachers
- Rigorous, engaging, structured, and research-based curriculum
- Flexible schedule

Ideal for students who are:

- Self-motivated
- Gifted
- Home-schooled
- On-the-go

Stay tuned for more information and a parent survey the week of February 22-26.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
