

# Superintendent's Snapshot

MARICOPA UNIFIED SCHOOL DISTRICT

April 23, 2021

Dear MUSD Parents:

As we reflect on this school year, many families have discovered that a distance learning model worked well for their individual family needs. Distance Learning, in its current format, will not be available next school year. If your family is interested in continuing online learning, please explore Maricopa Virtual Academy (MVA), Maricopa Unified School District's new online K-12 school.

Space is limited, and we need to know your commitment by May 1, so that we may make decisions about course offerings and staffing. You can enroll in MVA on our website at [musd20.org/enrollment](https://musd20.org/enrollment) or by calling (520) 568-5100 ext 1030.

Distance Learning students who do not enroll in MVA will be placed in their neighborhood schools for in-person learning.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
