April 29, 2022

Dear MUSD Parents,

May is Mental Health Awareness month, an opportunity to raise awareness about the importance of mental health and promote overall wellness. Maricopa Unified School District is dedicated to providing resources to support the mental health and overall wellness of students and staff.

This year, MUSD was one of three Arizona school districts that were awarded Project AWARE grant funding through the Substance Abuse and Mental Health Services Administration (SAMHSA) and the Arizona Department of Education (ADE). The five-year grant is used to Advance Wellness And Resiliency in Education by encouraging collaboration between schools, community agencies, and families to support mental health.

Look for more information about upcoming events and activities through Project AWARE. And, use the month of May to prioritize health and wellness in your family.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman
Superintendent
Maricopa Unified School District
