Dr. Tracey Lopeman, Superintendent of Maricopa Unified School District, stated, “ I am excited to bring someone of Ms.McNamee’s background and experience in school improvement to our District. Her track record demonstrates a commitment to student success and desire to develop systems and processes to support diversity. I am confident that she will respect the traditions and history that make MHS a wonderful place to work and learn while collaborating with the staff and families along the way to greater success.”

Ms. McNamee comes to MUSD from the Winslow Unified School District in Northern Arizona where she currently serves as a District-Level Administrator. She held

When asked what attracted her to MUSD, she shared, “I was drawn to MUSD by the small town feel of the community and the diverse population it serves.
